

WE SEEK TO HOLD ALL PARTIES ACCOUNTABLE FOR YOUR INJURIES

Founded by former federal prosecutor Chris Dysart, The Dysart Law Firm has recovered millions of dollars in settlements and verdicts for clients who have been injured, and the families of those who have been wrongfully killed, as the result of car, truck, and pedestrian accidents.

My role as your attorney is to seek to prove your case and obtain for you the highest recovery possible based on your accident by:

- Thoroughly investigating the accident scene, and hiring accident reconstructionists and experts to determine fault,
- Identifying all parties who may be liable for your accident, and
- Bringing a lawsuit against such parties and seeking to hold them accountable for the full measure of damages they have caused.

Obtaining a high recovery is not easy. It requires tireless work, attention to detail, and a tough fortitude to negotiate with opposing counsel.

If you have been injured, or a family member has been killed, in a car, truck, or pedestrian accident, please call me for a free private consultation. Our firm works on a contingency fee basis, meaning that you will not owe us any fees unless and until we recover compensation for you.
